

Office of
The Assistant Secretary.

November 3, 1906
....., 190 .

Dear Mr. Adeo:

I am inclined, on the whole, to answer this, simply something to the effect that the matter will be brought to the consideration of the Secretary upon his return, and that further communication will be sent to him if the Secretary has any suggestions to offer.

This memo. from Mr. Scott is interesting in this connection.
