To-morrow I am confident that Massachusetts will crush the political life out of Moran and I sincerely hope that New York will do as much for Hearst.

Heartism - is a public danger resulting next to Slavery & the Rebellion it led to. The conflict between Labor & Capital is the back heart drawn upon so artfully.

Personally, as one of his classmates at Harvard tells me, he would not surprise me if he even knew.

My dear Colonel:

I thank you very much for sending me the letter from Colonel Fisher of Boston. It is very interesting and discriminating. I wish I might have the Transcript article to which he refers.

Always faithfully yours,

ELIHU ROOT,

Colonel John J. McCook,
