

Office of  
The Assistant Secretary.

June 4, 1907.... 1907

Dear Mr. Smith:

Copy to the Japanese Embassy the letter of Governor Gillet and the letter of Thomas Wilhelm, U.S. Army. Then something like this should be sent:

"The Govt. of the United States shares in the expression of regret of the Governor of California at this unfortunate incident which evidently was the result of temporary relaxation of vigilance on the part of the police, owing to the existence of the disturbances incident to the street car strike."
