My dear Mr. Jenkins
Can you obtain for me a copy of the reports or other data regarding the Japanese trouble last spring at San Francisco and in connection with which Congress enacted some legislation. I think the President sent a representative to investigate &c. Would like copy of his report, the President's papers on the subject & anything you can procure of public documents bearing on the question.

Whatever you can furnish me with will be duly appreciated and thankfully received.

Yours truly

W. H. Phipps
