Pres. Roosevelt:

Washington, D.C.

Dear Sir: -

The Gaps are colonizing soldiers. At Vancouver be attack on U.S.A. in case of war. It will be wise to keep an eye on them.

It would also be a good idea to have the Chief of Police in all large cities to quietly get the location of all Gap residents and domestics, and keep a record of same so as to get them at a moment's notice, as you know the fate of Napoleon at Moscow.

Respectfully
Fred Jones
