MISSIONARY RESOLUTIONS
 ABOUT JAPAN AND
 THE UNITED STATES
 OF AMERICA

While we, as missionaries, have
 nothing to do with questions of na-
 tional economics or international
 politics, yet in matters affecting the
 mutual good will of nations, we, as
 messengers of God's universal Father-
 hood and man's universal Brother-
 hood, are peculiarly interested, and,
 as Americans now residing in Japan,
 we feel bound to do all that is in our
 power to remove misunderstandings
 and suspicions which are tending to
 interrupt the long standing friendship
 between this nation and our own.

Hence, we, the undersigned, wish
 to bear testimony to the sobriety,
 sense of international justice, and
 freedom from aggressive designs ex-
 hibited by the great majority of the

Japanese people and to their faith in the traditional justice and equity of the United States. Moreover, we desire to place on record our profound appreciation of the kind treatment which we experience at the hands of both government and people; our belief that the alleged "belligerent attitude" of the Japanese does not represent the real sentiments of the nation; and our ardent hope that local and spasmodic misunderstandings may not be allowed to affect in the slightest degree the natural and historic friendship of the two neighbors on opposite sides of the Pacific. ■■■

With entire confidence in the wisdom and justice of the Japanese and American governments in dealing with the causes of irritation between citizens of the two countries, we earnestly pray that their efforts to maintain peace and good will may be supported by all patriotic citizens and may be crowned with success.
